

ADMINISTRATIVE NOTICE 96-26

SUBJECT: Property Tax - Extension of Date for Filing Final Per Acre Values for Reserve Coal Properties for Ad Valorem Tax Purposes for Tax Year 1997.

This notice will serve to inform the public of an extension in the time for filing final per acre values for reserve coal properties for the five regions in the State of West Virginia for Tax Year 1997.

DISCUSSION

On August 16, 1996, the Department of Tax and Revenue filed preliminary per acre values for reserve coal property for use in the Tax Year 1997. The filing indicated that public comments would be accepted until September 7, 1996, and that final variables would be filed on or before October 1, 1996.

In the interest of allowing ample time for public response and comment, the Department extended the public comment period until September 21, 1996 and the date for filing the final reserve coal values by region to October 15, 1996.

The Department is extending the filing date for final variables in order to provide sufficient time for review and consideration of public comments received during the public comment period. Final variables will be filed no later than November 15, 1996.
