Each purchaser, without regard to whether the purchaser is a contractor or a subcontractor, must fill out this Special Contractors Exempt Purchases Certificate in order to make a tax exempt purchase of tangible personal property or services.

For purchases of tangible personal property, the exemption applies to purchases of tangible personal property that remains on site after construction is completed as part of the building or structure that is being built. It does not apply to purchases of tools, bulldozers, cranes, etc. that become the property of the construction contractor, which are removed by the contractor when construction is completed.

However, rentals of cranes, bulldozers, and other equipment specifically for use on the specifically identified job by the contractor, or subcontractor, or the hiring of a subcontractor to provide bulldozer services, crane services, etc., with an operator of the machine, would be exempt. Purchases by a subcontractor who is working for a prime contractor, where the prime contractor is entitled to claim the exemption described in this Special Contractors Exempt Purchases Certificate (under the authority of W. Va. Code § 11-15-8d), are also exempt in the same manner and with the same restrictions as are applicable to the prime contractor.

Purchases of building materials and tangible personal property purchased by a contractor for construction of, and incorporation into, facilities for a government owned water or sewer utility or a Public Service District (PSD) water or sewer utility are exempt. This exemption applies only to government owned municipal water and sewer utilities and Public Service District water and sewer utilities.

These government owned and PSD owned water and sewer utilities are not required to have a direct pay permit. For construction related purchases for these utilities, the Taxpayer identification number should be used on this form instead of the direct pay permit number.

A purchaser may file a blanket Special Contractors Exempt Purchases Certificate with the vendor to cover multiple purchases of property or services. However, each sales slip or purchase invoice evidencing a transaction covered by a blanket Special Contractors Exempt Purchases Certificate must show the purchaser's name, address and Business Registration Certificate Number.
