

**Comments:** Explanation(s) for unmineable as reported on schedule 2 and schedule 3 of the West Virginia Coal Annual Producer Operator Return. **Without adequate documentation (bore hole logs &/or noted areas on mining map) the reported unmineable acreage may be modified to mineable.**

UNMINEABLE ACRES:

**Comment page for items that require clarification &/or have extenuating circumstances.**

The comment page will allow the preparer to note when mining has been combined with another permit, leases have been dropped, or any other information that pertains to the permit. The extenuating circumstance may be items that were not addressed in the report or items that were addressed but need more data.
