SALES
- Theaters provide taxable services, such as admission to movies, and sell tangible personal property, such as popcorn and candy. All services and sales rendered in the operation of a theater are subject to sales tax, including receipts from admission tickets, video games, programs, souvenirs, novelties, and concessions.
- The tax on these items must be collected from the consumer and timely remitted on form WV/CST-200CU. Report and remit municipal tax on Schedule M of the return.
- If the tax due is not added to the charge for the admission tickets, etc., the theater must post notice to its customers that its charges include the sales tax.

EXAMPLE: West Virginia Sales Tax is Included in the Price of Admission

PURCHASES
- Purchases for use in the retail portion of a motion picture theater business, such as purchases of concession stand equipment are taxable.
- Purchases for use in the service portion of the business are taxable.
- The sales and use tax on these purchases must be paid directly to the vendor.
- If the vendor is not authorized to collect West Virginia sales or use tax, the use tax must be remitted to the State Tax Department on form WV/CST-200CU. Report and remit municipal tax on Schedule M of the return.

  - The purchase, rental or lease of motion picture films by a motion picture theater are exempt when admissions are subject to sales tax.
