This form is used by corporations to summarize the tax credits that they claim against their corporation net income tax and/or business franchise tax liability. In addition to completing this summary form, each tax credit has a schedule or form that is used to determine the amount of credit that can be claimed. **Both this summary form and the appropriate credit calculation schedule(s) or form(s) must be attached to your return in order to claim a tax credit. If you are claiming the Neighborhood Investment Program Credit you are no longer required to enclose the WV/NIPA-2 credit schedule with your return. You must maintain the schedule in your files.**
