## West Virginia Sales & Use Tax Return Instructions

---

### General Sales & Use Tax Information

The CST-200CU Return is used to report or amend both State and Municipal sales and use tax in West Virginia on the sale or purchase of tangible personal property, custom software, taxable services, wine and liquor sold to private clubs, and exempt sales.

Anyone with an obligation to collect and remit sales and use tax – including all vendors, all direct pay permit holders, contractors and direct use contractors - must file a CST-200CU. This form is not used for the Special District Excise Tax.

The completed form and remittance of the sales and use tax is due on or before the 20th of each month for the prior month except:

- If the annual aggregate is \$3,000 or less, a quarterly return and payment may be filed and are due on or before the 20th day following the end of each quarter; or
- If the annual aggregate is \$600 or less, an annual return and payment may be filed and are due on or before the 20th day following the end of the taxable year.

The West Virginia Tax Department encourages all taxpayers to file and pay electronically. Taxpayers paying more than \$25,000 in the prior tax year are required to file and pay electronically.

To file or pay online go to [tax.wv.gov](http://tax.wv.gov) and click on MyTaxes. You may also go directly to [MyTaxes.wvtax.gov](http://MyTaxes.wvtax.gov).

Both Automated Clearing House (ACH) credit and ACH debit payments are accepted. ACH credits are initiated by the taxpayer through their financial institution. ACH debits are initiated by the Tax Department based on information provided to the Department by the taxpayer through on-line filing applications at MyTaxes or pay-by-phone automated tax payments system available at 1-800-422-2075.

Paper returns and payments by check are mailed to:

West Virginia State Tax Department  
Tax Account Administration Division  
P. O. Box 1826  
Charleston, WV 25327-1826

All filers must keep a copy of returns, attachments and supporting documents for at least three years after the tax is paid or due, whichever is later.

### General Instructions

The CST-200CU Return is intended to simplify the reporting process by offering a streamlined return with additional supporting schedules for certain circumstances and to allow for more accurate accrual based sales tax reporting.

The 1st page of the return, referred to as the CST-200CU Return, can be filed by itself when no deductions to sales or use tax are taken and when no Municipal sales or use tax is due.

The 2nd page, or Schedule D, is used when deductions have been taken that reduce the gross amount of sales or purchases that are subject to tax.

The 3rd page, or Schedule M, is used to report sales or purchases that are sourced to a Municipality that imposes sales & use tax in addition to the State tax rate.

In certain situations, a tax due calculation may result in a tax credit due the taxpayer. For this reason the CST-200CU will allow for a negative amount of taxable sales and sales tax due. Negative sales tax calculations will initiate a request for refund or credit and require a review by the WV State Tax Department.

The supplemental Schedules S, U, & BD are required and used for the review process when specific circumstances are reported on the CST-200CU, including but not limited to the following:

- Credit memos or ledger adjustments completed after a purchaser has already been invoiced for tax
- Refunds to purchasers that result in deductions that are greater than gross sales for the tax period
- Reduction of a prior sales tax liability when an amended return is submitted by a non-accrual filer
- Deduction of bad debt for sales tax that was remitted on a prior return but never collected from the purchaser
- Reduction of a previously filed use tax liability when an amended return has been submitted

When filing electronically via MyTaxes, a CST-200CU Schedule Import Spreadsheet is able to be imported to the return using an Import option that is located at the top of the MyTaxes return. This allows for easier filing of the supplemental schedules. The spreadsheet may be downloaded at [www.tax.wv.gov](http://www.tax.wv.gov).

#### Taxpayers filing a paper return:

Your return will be electronically scanned. Use only BLACK ink and send the original return only. Do not send a photocopy.

Please print your numbers like this:

0 | 2 3 4 5 6 7 8 9

## Instructions on completing CST-200CU Schedule D

### Part 1: Sales Tax Deductions

Any deductions to the gross amount of sales that are taken on Line 1, Column B of the CST-200CU Return must also be listed on Schedule D, Part 1.

Line 1 - Enter the amount of exempt sales for which exemption certificates were received during the tax period corresponding to the return and for which tax was not included on the original invoice

Line 2 - Enter the amount of exempt sales for which direct pay permits were received during the tax period corresponding to the return and for which tax was not included on the original invoice.

Line 3 - Enter the amount of credit memos or ledger adjustments that were completed after a sale was originally invoiced with tax but has since been credited or adjusted. This is typically done when a customer presents an exemption certificate or direct pay permit after a sale was originally invoiced with tax. A supplemental Schedule S must also be provided that details these specific transactions.

Line 4 - Enter the amount of taxable sales that were returned by the purchaser or refunded to the purchaser

*When the amount of deductions exceed the amount of gross sales for the reported period, resulting in a negative amount of taxable sales, a Schedule S must be provided that details all of the transactions deducted for both lines 3 & 4 and will initiate a request for refund or credit.*

Line 5 - Enter the amount of uncollected bad debt for which sales tax was invoiced and paid to the State Tax Department in a prior period but never received from the purchaser. A supplemental Schedule BD must also be provided that details these specific transactions.

Lines 6 through 14 - Enter the amount of goods or services sold which are deemed per se exempt by WV State Code for which sales tax was not invoiced to the purchaser.

Line 15 - Enter the total of lines 1 through 14.

### Part 2: Use Tax Deductions

Entities that qualify for an exemption of tax on specific purchases for use in their business or that hold a valid direct pay permit should list the gross amount of purchases made for use in WV on Line 2, Column A of the CST-200CU Return, when WV sales tax was not paid on those purchases; the portion of qualified exempt purchases should then be deducted on Line 2, Column B of the CST-200CU Return; finally, the detailed amount of deductions must be reported on the Schedule D, Part 2.

Lines 1 through 11 - Enter any exempt purchases under the correct exemption.

Line 12 - Enter the total of lines 1 through 11.

### Part 3: Use Tax Credit for Tax Paid on Out of State Purchases

West Virginia sales and use tax law provides a credit for sales or use taxes that are properly due and paid to another state on property or services purchased outside West Virginia and subsequently used, stored, or consumed in West Virginia. The credit is allowed up to the total of West Virginia state use tax (0.06) imposed on the same property or services purchased in the other state.

- Enter the abbreviations of the state(s) where the items were purchased.
- Enter the Total Purchase Amount of the goods or services purchased that have also been reported on Line 2, Column C of the CST-200CU Return and are subject to WV State Use Tax
- Enter the amount of tax paid to the other state(s)
- Enter the amount of tax paid to the other state that should be credited towards this tax periods use tax liability. This amount should not be greater than the current use tax due nor should it exceed 6%

West Virginia does not credit the tax paid to another state on exempt purchases used in WV, the credit or refund of tax paid to another state on an exempt purchase should be requested from that State.

### Part 4: Sales Tax Credit for Tourism Development (Approved Applicants Only)

- Enter the amount of annual credit remaining at the start of the current tax period being reported
- Enter the monthly base tax amount for the specific credit being used
- Enter the sales tax due for this tax period as listed on Line 1, Column E of the CST-200CU Return
- Enter the credit allowed this month (Sales Tax Due minus Monthly Base Tax Amount)
- Enter the credit to be applied to this month's liability
- Enter the balance of annual credit remaining (Annual Credit Remaining Previous Month minus Credit Taken this month). The credit balance remaining should be listed on the next monthly return as the Credit Remaining from Previous Month. This amount should reset at the beginning of your annual credit period.

## Instructions on completing the CST-200CU Schedule M

Several municipalities impose Municipal sales and use tax that is administered by the WV State Tax Department. The Municipal sales & Use tax is reported on Schedule M. Municipalities imposing the sales and use tax are listed in Column B on the schedule. The corresponding FIPS code must be listed in Column A.

Municipal Sales Tax

Column C – Taxable Sales (Required if municipal tax due): For each applicable Municipality line, enter the taxable sales on which Municipal sales tax is due. The taxable amount of sales is calculated after any applicable deductions are subtracted.

Column E – Municipal Sales Tax Due: For each applicable Municipality line, multiply the amount of Taxable Sales entered in Column C by the Tax Rate in Column D; enter the resulting amount of Municipal sales tax due.

Line 31 Column E – Total Municipal Sales Tax Due: Enter the total sum of lines 1 through 28 in Column E.

Municipal Use Tax

Column F – Taxable Purchases (Required if municipal tax due): For each applicable Municipality line, enter the taxable purchases on which Municipal use tax is due. The taxable amount of purchases is calculated after any applicable deductions are subtracted.

Column H – Municipal Use Tax Due: For each applicable Municipality line, multiply the amount of Taxable Purchases entered in Column F by the Tax Rate in Column G; enter the resulting amount of Municipal sales tax due.

Line 31 Column H – Total Municipal Use Tax Due: Enter the total sum of lines 1 through 28 in Column H.
