BEFORE YOU BEGIN TO DO BUSINESS IN WEST VIRGINIA

When starting a business, you will need to decide how the business is owned and operated; who will be liable for the debts and obligations of the business; who will have a right to the assets of the business; and tax status. The Small Business Development Center, a division of the West Virginia Development Office, will provide managerial and technical assistance, financing and loan packaging information, education and training in a variety of areas.

Telephone: (304) 558-2960
Toll free: 1-888-WVA-SBDC (1-888-982-7232)
Website: www.wvsbdc.org

You may register with all necessary agencies at the same time if you register online at www.business4wv.com. If you choose not to register online, follow the three steps below.

1: ORGANIZATION

For a sole proprietorship, a general partnership, or an out of state company registering for a ‘withholding only’ account, go to step 2. For a corporation, association, limited liability company, limited partnership or limited liability partnership, you must first file organization papers with the Secretary of State whether you are based inside or outside of the State. Your other registration and licensing applications will not be processed until this step is completed.

2: REGISTRATION

Every person or company intending to do business in this State, including every individual who is self-employed or hires employees, must obtain a business registration certificate from the West Virginia State Tax Department.

Every person or company (with very few exceptions) with employees in this State must file for Unemployment Compensation coverage, and obtain Workers’ Compensation Insurance coverage.

IMPORTANT - West Virginia employers are now required by law to obtain Workers’ Compensation insurance coverage for their employees from a private insurance company.

After reviewing this booklet, COMPLETE AND SIGN the BUS-APP and mail all pages intact to the West Virginia State Tax Department, Office of Business Registration. If you prefer, you may visit one of the offices listed on the last page to register your business.

3: LICENSING

Many businesses perform work that is regulated. The work you do may require one or more special licenses or permits. If you indicate on the tax registration form that you are doing construction related work, the Contractor’s Licensing Board will send you an application form.

Many other licenses are listed in the section describing various business activity. Review the list carefully to determine if you need licenses or permits for the type of business you will operate. If you have questions, call the agency most likely to handle that service to inquire.

SECRETARY OF STATE BUSINESS ORGANIZATION FILING

You are not required to file with the Secretary of State if you are starting a sole proprietorship, a general partnership or if you are registering a ‘withholding only’ account.

You must first get your business officially organized by filing with the Secretary of State if you are forming one of the types of businesses listed in the chart below. The chart also lists the necessary documents which must be filed for both West Virginia based companies and out-of-state companies wanting to conduct business within the State. Other agencies will not process your application for registration until registration with the Secretary of State has been completed and a control number has been obtained.

Persons or corporations intending to do business in West Virginia must first apply for a Business Registration Certificate. A separate certificate is required for each fixed business location from which property or services are offered for sale or lease or at which customer accounts may be opened, closed or serviced.

If the business has employees, the State Identification Number will be based on the Federal Employer Identification Number (FEIN), which is assigned by the Internal Revenue Service. If the business is a sole proprietorship with no employees, the individual’s Social Security number will serve as the basis for the State Identification number. To request the SS-4 forms to obtain a taxpayer identification number from the Internal Revenue Service, call 1-800-829-4933. You may apply for your FEIN by mail or by calling the 800 number above or by visiting the website www.irs.gov. When the application is processed, the West Virginia State Tax Department will also assign account identification numbers for each applicable tax for which the taxpayer is responsible and issue a Business Registration Certificate.

The Business Registration Certificate is a permit to conduct business in the State and must be displayed at all times at the place of business. Contractors must also have a copy of their Business Registration Certificate available at each of their construction sites until the work at that site is completed.

**WHO IS REQUIRED TO REGISTER?**

Any person who is engaging in any business activity in the state of West Virginia must register with the West Virginia State Tax Department before commencing business activities in State. This includes, but is not limited to, any individual, firm, partnership, joint venture, association, corporation, estate, trust, business trust, receiver, syndicate, club, society or other group or combination acting as unit, body politic or political subdivision. Churches and nonprofit organizations are not considered to be “businesses” or engaged in business or subject to any other tax laws by the mere completion of the Application For Business Registration.

**WHAT IS CONSIDERED BUSINESS ACTIVITY?**

Business activity is all purposeful revenue-generating activity engaged in or caused to be engaged in with the object of gain or economic benefit, either direct or indirect. This also includes all activities of this State and its political subdivisions which involve the sale of tangible personal property or the rendering of a service when such service activities compete with or may compete with the activities of another person.

**ARE ALL BUSINESSES REQUIRED TO OBTAIN A WEST VIRGINIA BUSINESS REGISTRATION CERTIFICATE?**

No. Persons engaged in the following activities are not required to register if they engage solely in these activities.

1. Judicial sales directed by law or court order.
2. Sales for delinquent taxes of real or personal property.
3. The conduct of a charitable bingo licensed under West Virginia Code § 47-20 or charitable raffle licensed under West Virginia Code § 47-21.
4. The conduct of a horse or dog race meeting by any racing association licensed under West Virginia Code § 19-23.
5. The operation or maintenance of the parimutuel system of wagering during the conduct of a licensed horse or dog race meeting.
6. The sale of any commodity during the conduct of a licensed horse or dog race meeting.
7. The services of owners, trainers or jockeys which are essential to the effective conduct of a licensed horse or dog race meeting.
8. Occasional or casual sales of property or services by persons not engaged in a business activity.

Additionally, any person engaging in a business activity who:

1. Is not required by law to collect any tax or withhold a tax; and
2. Does not claim exemption from payment of the West Virginia Consumers Sales and Service Tax or Use Tax; and
3. Had a gross income from business activity of $4,000.00 dollars or less from operations in all states during the income tax year most recently completed is also not required to obtain a Business Registration Certificate.

In order to claim this exemption from registration, all three conditions must be met.

**MUST EVERYONE PAY THE $30.00 BUSINESS REGISTRATION FEE?**

No. Any person who is engaging in any business activity in this state is required to obtain a Business Registration Certificate, but is not required to pay the $30.00 Business Registration Fee if they meet one of the following conditions.

1. A non-profit organization which qualifies, or would qualify, for exemption from federal income taxes under section 501 of the Internal Revenue Code of 1986, as amended.
2. This State, or a political subdivision thereof, selling tangible personal property, admissions or services when those activities compete with or may compete with the activities of another person.
3. The United States, or any agency or instrumentality thereof, which is exempt from taxation by the states.
4. A person engaged in the business of agriculture or farming.
5. An out-of-state company that does not have nexus in West Virginia and employs a West Virginia resident. Complete the BUS-APP as a “Withholding Only” registration.
6. A West Virginia private household employing domestic help. Complete the BUS-APP as a “Withholding Only” registration.

All registrants applying for reinstatement of a revoked business registration certificate must file a new registration application and pay a $100.00 penalty.
HOW DO I REGISTER?

To register with the West Virginia State Tax Department, you must complete the Application for Registration Certificate (Form WV/ BUS-APP) in this booklet and return to:

West Virginia State Tax Department
PO Box 2666
Charleston, West Virginia 25330-2666

You may register with all agencies online at www.business4wv.com. Out-of-state sellers who have no physical presence in West Virginia and no activity in West Virginia other than making sales over the Internet, by telephone, or mail order are considered remote sellers and may use a simplified Remote Seller Registration on mytaxes.wvtax.gov.

WHAT HAPPENS AFTER I HAVE COMPLETED THE APPLICATION AND MAILED IT TO THE WEST VIRGINIA STATE TAX DEPARTMENT?

Upon receipt of your Application for Registration Certificate, we will determine what tax forms you should receive by reviewing the application. For each tax you are responsible for, an account ID number will be assigned. Once your application is processed, you will receive your West Virginia Business Registration Certificate. A list of West Virginia tax accounts and their identification numbers will be provided. Tax returns will be mailed prior to their due dates. After your business is registered, you may choose to file and pay online at mytaxes.wvtax.gov. See back of booklet for more information about MyTaxes.

WHAT DO I DO WITH THE WEST VIRGINIA BUSINESS REGISTRATION CERTIFICATE?

The Business Registration Certificate must be posted conspicuously in the place where you are conducting business. Businesses that sell tangible personal property or services from or out of one or more vehicles, must carry a copy of their Business Registration Certificate in each vehicle and publicly display it while business is conducted from or out of the vehicle. Any person engaging in any contracting business or activity must have a copy of their Business Registration Certificate available at each construction site in West Virginia until their work is complete at that site.

HOW LONG IS MY BUSINESS REGISTRATION CERTIFICATE VALID?

The Business Registration Certificate shall be permanent. For businesses registering after July 1, 2010 the Business Registration Certificate shall be valid until cessation of the business or until it is suspended, revoked or cancelled by the Tax Commissioner.

REVOCATION OR SUSPENSION OF CERTIFICATE

The Tax Commissioner may cancel or suspend a business registration certificate at any time if:

1. The registrant filed an application for a business registration certificate that was false or fraudulent.
2. The registrant willfully refused or neglected to file a tax return for any tax imposed.
3. The registrant willfully refused or neglected to pay any tax, additions to tax, penalties or interest when they became due and payable.
4. The registrant neglected to pay the Tax Commissioner on or before it’s due date any tax imposed which the registrant collects and holds in trust for the State of West Virginia.
5. The registrant abused the privilege of claiming an exemption from payment of the consumers sales and service tax and use tax on some or all of its purchases for use in business; failed to timely pay purchasers use tax on taxable purchases; or failed to either pay the tax or provide a vendor with a properly executed exemption certificate or direct pay permit number.
6. The registrant failed to pay delinquent personal property tax to the County Sheriff where their business is located.
7. It has been determined by the Tax Commissioner the registrant is an ‘alter ego’ of a business that has previously been subject of a lawful refusal to issue, revocation, suspension or refusal to renew.

A business is presumed to be an ‘alter ego’ if:

1. More than twenty percent of the assets have been transferred from another business or more than twenty percent of the assets were to have been used to secure the debts of the other business.
2. Ownership of the business is so configured that IRS Code Section 267 or 318 would apply to cause ownership of the businesses to be attributed to the same person or entity.
3. Substantial control of the business is held or retained by the same person or entity.

A revoked Business Registration Certificate may be reinstated upon payment of all outstanding delinquencies or by entering into an approved payment plan. There will be a $100.00 penalty imposed for reinstatement and a $30.00 registration fee of a revoked certificate if applicable.

WHAT IF I DON’T OBTAIN A BUSINESS REGISTRATION CERTIFICATE BEFORE COMMENCING BUSINESS?

Engaging in business within the State of West Virginia, without obtaining a Business Registration Certificate when required by law, is a serious offense and could subject you to penalties of up to $100.00 a day for each day you continue to operate your business without a license.

WHAT IF I ANTICIPATE DOING BUSINESS IN WEST VIRGINIA FROM OUTSIDE OF THE STATE AND AM UNSURE OF MY TAX LIABILITY TO WEST VIRGINIA?

Visit our website www.tax.wv.gov to download the WV/NEXUS (nexus questionnaire). Complete the questionnaire and Application for Registration Certificate and mail in the envelope provided in this booklet.

The filing of an application for Registration Certificate and payment of the registration fee may not be construed by the Tax Commissioner or the Courts of this State as consent, submission or admission by the registrant to the general taxing jurisdiction of this State. Any liability for such other taxes imposed by this State shall depend upon the relevant facts in each case and the relevant law.

REGISTER FOR AN UNEMPLOYMENT COMPENSATION ACCOUNT

PART 2

If you are registering a new business, you are required to complete this section. Also, if you are registering because you purchased an existing business, merger, reorganization, or change of legal entity, complete this section, including Question 6.

SECTION G

All industrial and commercial employers and many nonprofit charitable, educational and religious institutions in West Virginia are covered by the state unemployment compensation law. An employer must register upon establishing a new business in this State. If an employer is required to provide unemployment compensation coverage for employees, the employer must report payroll and pay contributions on a report mailed to the employer each quarter by the Unemployment Compensation Division.

If the reason for registering is due to the purchase of an operating business, merger, reorganization, or change of legal entity, answer Question 6. This information will be used to determine your unemployment compensation contribution rate.

Withholding ONLY accounts must complete Items 1, 2, 3, and 4, and sign under Item 12.

SECTION H

Complete this part if you are a non-profit organization.

LINE 1.

Your exemption from the Internal Revenue Service should state if you are exempt from Federal Unemployment Taxes. Include a copy of the Internal Revenue Service exemption, if applicable.

Check the appropriate box and indicate the month and year in which the 20th week occurs.

LINE 2.

Indicate your option to finance unemployment compensation coverage.

OPTION (A) - CONTRIBUTIONS

The employer selects this option to pay contributions. A rate assigned by law is applied to the first $12,000.00 of wages paid to each employee during a calendar year. Contributions are paid on a calendar quarter basis.

OPTION (B) - REIMBURSEMENT OF TRUST FUND

The employer selects this option to reimburse the Trust Fund. At the end of each calendar quarter, the employer is billed for unemployment benefits paid to its former employees during the quarter.

Unemployment Compensation Account questions may be answered by contacting the following:

INFORMATION ON OBTAINING WORKERS’ COMPENSATION COVERAGE

If you are registering a new business, reopening an old business, or purchasing an existing business, in whole or in part, State law requires employers to obtain workers’ compensation coverage for its employees in case of workplace injury. Workers’ compensation insurance will be available from other insurers licensed in this state to provide such coverage. For information regarding available insurers, contact the Office of the West Virginia Insurance Commissioner. Current application for Workers’ Compensation Insurance and other business licenses and permits applicable to your business may be accessed via the internet at www.business4wv.com.

WEST VIRGINIA EMPLOYERS REQUIRED TO HAVE COVERAGE - If you employ even one person in West Virginia, except in very rare circumstances, you are required by law to obtain workers’ compensation insurance coverage. Failure to obtain and maintain proper Workers’ Compensation Insurance coverage will subject you to a number of consequences, including the following:

• Administrative fines by the Insurance Commissioner up to $10,000;
• Loss of immunity against civil liability (you may be sued by your employee);
• Immediate revocation of business license and permits;
• Business may be enjoined from continuing operation;
• Business and personal liability for all workers’ compensation claims paid plus attorney fees.

Specific requirements for obtaining Workers’ Compensation Insurance coverage may be answered by the private insurance carrier.

New employees, rehires or employees returning to work after a leave of absence must be reported to the West Virginia Child Enforcement Division within 14 days from hire date.
YOUR RESPONSIBILITIES AS A WEST VIRGINIA TAXPAYER

The employees of the West Virginia State Tax Department are here to assist you in complying with your responsibilities as a West Virginia taxpayer. The following are some important points that will help you in meeting these obligations.

FILING YOUR BUSINESS TAX RETURNS

The Tax Department makes every effort to provide businesses with the proper tax forms prior to the due date of the tax return. However, it is your responsibility to ensure that your return is filed by the due date, and lack of the proper form is not considered reasonable cause for not filing a timely tax return. If you do not receive the proper form from the Department, you may obtain forms from our website www.tax.wv.gov. You may also obtain forms from any of our regional field offices listed on the back of this booklet.

Upon completing your business registration, you may view, file and pay your taxes online at mytaxes.wvtax.gov. Learn more about MyTaxes on the back of this booklet.

If you are required to file monthly or quarterly tax returns, you must file the return even if you owe no tax. Failure to file returns will result in your account being referred to our Compliance Division for corrective action. Please file all required tax returns even if you owe no tax for the reporting period.

PAYMENT OF THE TAX

The full amount of tax that you owe is due and payable on the due date of the tax return. Failure to pay the full amount of tax by the due date will result in interest and penalties being added to any unpaid amount of tax. If for any reason you are unable to pay the full amount of tax on the due date, you should file your tax return along with a written explanation of why you are unable to pay and when you will pay the tax due. The employees of the Tax Division are here to assist you. Anytime you find you cannot file a tax return or pay the tax due, contact us. We are here to help!

PENALTIES AND INTEREST

Interest and additions to tax (penalties) attach by law to any amount of tax not paid on or before the due date of the tax return.

The law requires the Tax Commissioner to establish interest rates for tax underpayments based on the adjusted prime rate. This rate will never be less than 8% per year and is determined every six months.

Additions to tax (penalties) are imposed for failure to file a required tax return by the due date and/or late payment of the tax due. The penalty for failure to file a return is 5% per month, up to 25%. The penalty for failure to pay the tax due is ½ of 1% per month, up to 25%.

These penalties may both be imposed when you fail to timely file your return and pay the tax due. You may reduce the amount of penalties assessed by filing your tax return on the due date even if you require additional time to pay the tax.

There will be a $100.00 penalty imposed for reinstatement of a suspended or revoked business registration certificate.

There are harsher penalties for operating a business without a license, filing a false return or the willful and knowing failure to pay a tax. These may include criminal penalties.

IF YOU SELL OR DISCONTINUE YOUR BUSINESS

One of the most common problems encountered by taxpayers occurs when a person ceases to do business and does not inform the Licensing Agencies. This often results in unnecessary billing and collection activities, which can be very difficult and time consuming for both the agencies involved and the taxpayer/client to resolve. You may avoid unnecessary corrective measures by notifying each Licensing Agency as soon as possible when you sell or discontinue your business. You should also file final tax returns for each tax you are required to file with the West Virginia State Tax Department. File the BUS-FIN to notify the West Virginia State Tax Department that you have sold or discontinued your business. See instructions on page 13.

THE BILLING AND COLLECTION PROCESS

If you fail to file a required business tax return, file a tax return without payment of the tax or fail to file on or before the due date, you will receive a notice from the West Virginia State Tax Department. To protect your rights, it is very important that you respond, in writing, to these notices immediately.

The Tax Department has implemented a new tax system that allows us to better serve you. This new system decreases processing time and allows us to contact taxpayers in a timely manner. If a change has been made to your return, you will first receive a letter from us explaining the change. If there is an additional amount due the State, you will receive a Statement of Account. If you disagree with the amount shown to be due, return a copy of the statement with your comments and provide any additional schedule to substantiate your claim. You will receive a statement of account on a monthly basis until such time as your outstanding liability is either paid or your account is settled. If you send us information and receive a second statement of account, it may be a timing issue. Please allow appropriate time for mailing and processing of the additional information.

If you fail to respond to the notice, an assessment of tax due will be issued by the West Virginia State Tax Department. This assessment is the means by which the West Virginia State Tax Department establishes a legal tax liability. If you disagree with the assessment for any reason, you are entitled to an administrative hearing to present your reasons. If you fail to respond to the assessment within 60 days, the assessment becomes final, conclusive and payable and is not subject to administrative or judicial review.

Once the assessment becomes final (through inaction or by the affirmative decision of the administrative hearing officer) a tax lien will be filed against all of the property of the taxpayer and will be recorded in the county courthouse. A distress warrant will be issued which authorizes the levy or seizure of any property or wages of the taxpayer. You may avoid these collection actions by contacting the West Virginia State Tax Department whenever you have difficulties in meeting your tax responsibilities.

Remember, we are here to assist you in meeting your tax obligations.
OTHER REGISTRATION REQUIREMENTS

You may be required to register with other State Agencies.

Check the list of agencies and licenses below for additional requirements for your business.

This list is not intended to be a list of all the special registration/licensing requirements imposed by the State of West Virginia. Persons engaging in other business activities in West Virginia may have to satisfy other special requirements with other State Agencies before commencing or while engaging in a business activity in this State. In addition, counties or municipalities have rules, regulations and registration requirements which may affect your business. We recommend you contact the local mayor’s office for information on city taxes and registration requirements and the county assessor’s office for information on county taxes.
